2009 Annual Report**

Lights, Camera, Action

Spotlight On SHORE

**This Annual Report was printed from a grant received from the
FootPRINT Fund sponsored by Allegra Print & Imaging,
1255 Hartrey Avenue, Evanston, IL 60202,
(847) 864-9707, www.allegraevanston.com**

To the Friends of SHORE:

My first year as SHORE's Board President has been exciting, fulfilling, eye opening and challenging. Many issues continued to influence human service agencies around our state. State legislators remained at polar opposites of the spectrum regarding many issues including services provided to individuals with developmental disabilities. The State of Illinois budget crisis continued to negatively impact our agencies. These agencies including SHORE, receive the majority of their funding for services rendered from the State. This year we served 400 children and adults, which is an increase of 17 over last year, with many others receiving referral and follow-up services. With this ever increasing population and the lack of funding, SHORE remains steadfast in providing the best possible programs and services for our persons served.

In May 2009, SHORE Community Services received accreditation by the *Commission on Accreditation of Rehabilitation Facilities (CARF)*, an international accrediting agency. **This official recognition marks the 13th consecutive three-year accreditation SHORE has received from this prestigious organization.** *"SHORE Community Services has a dedicated, principled, and committed staff whose efforts on behalf of individuals were clearly evident throughout the survey. Staff members are well qualified, credentialed and dedicated to providing the individuals with high quality services and meaningful experiences. The longevity of staff is also worthy of note. The agency provides safe and healthy environments for work and service provision. The mission, vision, values and ethical codes are used as the foundation for what is an amicable and effective corporate structure and culture. The administration has created and reinforced an organizational culture that is value laden and true to the agency's mission."*

This accreditation includes the following services: *Community Services: Community Integration; Employment Services: Community Employment Services: Job Development, Job Supports, and Job-Site Training, and Employment Services: Organizational Employment Services.* CARF surveyors made no recommendations, which signify they did not identify any areas of non-conformance to standards. This is an extraordinary accomplishment, as only three percent of CARF surveys result in no recommendations. These highly positive observations show the strength and commitment the employees and Board of Directors of SHORE dedicate to the individuals they serve.

The Early Intervention Program assisted 92 children (ages 0-3) who have been diagnosed with a developmental delay, which is an increase of 12 from the previous year. One highlight of the program was the offering of developmental playgroups to children of Spanish and Polish descent. This program was made possible through grants received from the *Special Kids Foundation* and the *Evanston Community Foundation*. It was well received since there are no other playgroups in the northern Chicagoland area that offers groups in a language other than English.

SHORE honored Paul Cirigliano, President of Panoptic Studios, Inc., which is a film, video, interactive motion graphics, and web site production company in Wauconda, at the Spring Benefit. His company underwrote the costs of producing a new video along with the design and upkeep of the agency website www.shoreinc.org. Both of these, along with a subscription to Constant Contact, which is an e-mail communication service, has generated positive feedback and serves as an excellent marketing tool. Please visit our website and sign up to receive e-mail communication on special events, newsletters, legislative issues and other happenings around the agency.

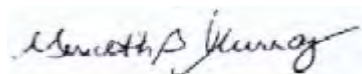

The Second Time Around Thrift and Gift Shop located at 4123 Oakton Street in Skokie continues to be a valuable asset for the agency. With over 30 dedicated volunteers, the proceeds from the shop, which benefit SHORE, continues to increase each year. The proceeds reached \$77,000, up \$17,000 from last fiscal year. This remarkable result would never have been attainable without generous donations of clothing, home goods, knick-knacks and other items from so many donors, not to mention, the continued patronage of our customers. As the Volunteer Store Manager, please keep the donations coming and visit the shop website at www.shores2ndtime.com for the latest information or to volunteer.

Many of you including some of the persons served by SHORE, voiced concerns directly to your Senators and Representatives about supporting Human Services. This ongoing support had a deep meaning for the individuals we serve that fear what budget cuts could do to the programs they attend. I am truly inspired by the passion and efforts made by our persons served through their poster making, phone calls and even the enthusiasm they brought to a rally they attended in the summer. Everyone fought hard to be heard! We will continue to seek your help, as many voices together make a difference.

I would like to personally thank my predecessor Robert "Bob" Kurz for his excellent leadership of the organization for the last three years. Bob has served on the Board since 1997 and has been a true advocate for people with the developmental disabilities. He has retired from the Board but will stay connected as an Honorary Board Member. Thank you for your dedicated service!

Special thanks must be extended to all the individuals, companies, foundations and area organizations that continue to contribute to our worthy cause. Thank you for your generosity and for helping us to carry on our mission of improving the quality of life for persons with developmental disabilities.

Sincerely,

Meridith Murray
President, Board of Directors

Programs & Achievements

Vocational Programs

SHORE Joseph Koenig, Sr. Training Center in Morton Grove is a vocational program supporting persons with developmental disabilities ages 16 years and older. The program seeks to enhance the individual's ability to obtain and maintain employment. Objectives include: providing employment, maintaining job performance and improving job-related skills and habits to maximize earning potential. The Center utilizes community job sites and subcontract work from local industries to prepare individuals for employment. A Senior Services Program is also available for individuals (55 or older), who have chosen to retire. This program offers leisure-based and community activities.

- **197 individuals served during the year.**
- **The Sales Department reached over \$155,000 in contract work from businesses in the community. Due to the slowdown in the economy, this resulted in the decrease from the previous fiscal year.**
- **Received 100% on the Department of Human Services Developmental Training Survey.**
- **Collaborated with the Segal Design Institute at Northwestern University to design fixtures for the gas can spout job from Midwest Can and Container Co.**
- **20 persons served in the Supported Employment Program. Increased non-paid community work experiences due to difficulty finding paid employment.**

Residential Services

SHORE offers three distinct residential programs. The Buehler House - SHORE Homes East in Evanston, and SHORE Homes West in Skokie house 12 residents at each site in a 24-hour staff supported environment similar to life in mainstream society. Residents are encouraged to interact with their community to learn and to become less dependent on others. All residents are engaged in daytime employment, training or senior leisure programming.

Community Integrated Living Arrangements (CILAs) are homes in the community where two to six people reside. There are two located in Skokie and one in Evanston. The program consists of an array of services designed to meet the needs of each resident on a long-term basis. Staff support is available on a 24-hour basis. Residents attend one of SHORE's day programs during the week.

The Patricia Lloyd Townhomes in Evanston and scattered-site apartments in Evanston and Skokie comprise SHORE's Supported Living Arrangements (SLA) program. The Patricia Lloyd Townhomes are a row of two-story units, each housing three individuals that are available to adults who are able to live more independently. Twelve individuals live in the homes and most are employed in the community. Residents are responsible for themselves and their homes. A House Manager resides in one unit to provide support as needed. The scattered-site apartment residents have intermittent contact with staff. Services are on an as-needed basis and training includes: budgeting, housekeeping, cooking, shopping, transportation, interpersonal counseling and case management.

- **During the fiscal year, 54 individuals received services at the various residential sites. Program emphasis at all residential locations continues to focus on a healthier lifestyle for the residents. Changes taking place include: healthier food choices, increased exercise, greater monitoring of resident's hygiene and encouragement of participation in new activities for the residents. Many residents have lost weight and have improved their overall health, especially in areas of lowering cholesterol and blood pressure.**

- A grant was received from the Woman's Club of Evanston that promoted healthy living, which included: fitness classes, diet training, meal preparation and the planting of a vegetable garden. Also, a grant from The Gabe W. Miller Memorial Foundation allowed for increased hours for the agency's contracted Social Worker to work with the residents at SHORE Homes West.

Adult Services

The Adult Services Program, which offers developmental training for individuals 18 years and older, is located at the Lois Lloyd Center in Evanston. Participants may have multiple disabilities, including: severe/profound to moderate developmental disabilities and other physical and medical challenges. This educational program offers a curriculum in the areas of language and communication, adaptive daily living skills and prevocational skills.

- 80 individuals were served in the Adult Services Program.
- Over 180 community integration activities took place at 40 different sites including: trips to various museums, malls, zoos, restaurants and stores. Internal activities included: exercise, cooking, group music and dance therapy, wellness, literature hour, music appreciation, art activities, sports and recreation, and cinema. Additionally, holiday celebrations, health & safety presentations and a Fashion Show took place.
- Converted a therapy room into a Sensory Room to provide a calm and soothing environment for the individuals served. Free monthly dental screenings continued throughout the year by the Illinois Masonic Dentistry for the Handicapped Program.

Early Intervention

Early Intervention (EI) serves infants to three-year-olds who are experiencing developmental delays. SHORE provides individual and group therapy (occupational, physical, speech, and developmental) and other services in a variety of locations such as our EI Center in Skokie, the child's home, or other day care centers. The primary focus of the program is the family and what is best for the child. Research has demonstrated that working on prevention type activities with children at a very young age is much more cost effective than remedial programs with children at a later age.

- 92 children received Early Intervention (EI) services during the year.
- Three distinct playgroups are currently offered to help meet the developmental needs of the children served in the EI Program. They include: Occupational/Developmental therapy, Speech/Developmental therapy and Bilingual Developmental therapy.
- Grants were received from the Special Kids Foundation and the Evanston Community Foundation to fund bilingual playgroups in Spanish and Polish.
- Target awarded the EI program a grant to fund a lending library. Children are able to take home the book used in the playgroups to help reinforce the skills learned that week. Usborne Books matched the grant, which allowed for the purchase of an additional 50% in books including books in Polish and Spanish.
- Lekotek is an agency that works with young children with developmental delays and collaborates with SHORE's EI Program. They are currently housed at the EI Center.

Respite Services

The purpose of the In-Home Respite Care program is to ease some of the stress families endure when they are the sole caregivers of a family member with a developmental disability. In-home training is provided that assists respite recipients with communication, self-care and social skills while enabling the primary caregiver to leave the home. Objectives are developed with the input from the individual, family members and staff, which are part of an individualized program plan. A family is usually assigned one respite worker to assure continuity. Hours for respite can range from a few hours every week, to weekends or additional hours as needed.

- 22 individuals received Respite Services during the year.

Agency Re-Sale Shop

The Second Time Around Thrift & Gift Shop, located at 4123 Oakton Street in Skokie, is a re-sale shop that sells donated gently used clothing, home décor, kitchen items and more. All proceeds benefit SHORE's programs and services. In fact, \$77,000 was donated to SHORE in Fiscal Year 2009. Over 30 dedicated volunteers run the shop, which is open Tuesday - Saturday. If interested in volunteering contact Meridith Murray at (847) 673-3172. Donations are always needed and tax credit is given. Please check out the shop's website at www.shores2ndtime.com for more information.

Administrative Fundraising & Highlights

Thank you to all those who supported SHORE throughout the year with their time, resources, in-kind donations, and participation in our fundraising events. We would not be the agency we are today without your help.

- 14th Annual Golf Outing held at the Deerfield Golf Club in Riverwoods on Friday, July 18, 2008. Seventy golfers attended and over \$16,000 was raised.
- Annual Appeal generated over \$106,000.
- Spring Benefit honored Paul Cirigliano, President of Panoptic Studios, Inc. in Waukegan, with the Thomas and Lois Lloyd Humanitarian Award on Saturday, April 16, 2009, at the North Shore Country Club in Glenview. Over 150 people attended the event and over \$60,000 was realized.
- Annual Meeting was held at a new location at the Holiday Inn North Shore in Skokie on Tuesday, June 23, 2009, and featured the following award presentations:

- * *Personal Achievement Award* – Jennifer Lee
- * *John S. Hubner Volunteer of the Year* – Ilene Wilson
- * *Joyce Buehler Second Time Around Volunteer of the Year* – Sandyha Rao
- * *Community Leadership Award* – Kiwanis Club of Evanston
- * *Employer of the Year* – Sephora
- * *Legislator of the Year* – Julie Hamos
- * *Distinguished Service Award* – Joan Joyner

SHORE Employees with Ten or More Years of Service were also recognized at the Annual Meeting.
